

Enhance Your Content With the Power of AI

Content creators face significant challenges in enhancing content quality, accessibility, and discoverability. Manual tasks like content interpretation, summarization, and categorization are time-consuming, impacting user experiences and searchability. Traditional image recognition often falls short of making images accessible. Crafting both quantitative and non-quantitative questions is resource-intensive and inconsistent.

Lumina Datamatics can help address these issues with its expertise in Artificial Intelligence and Machine Learning.

Our AI-Powered Services Include

Content Enrichment: Enhance your content effectively with our AI algorithms, which automatically interpret, summarize, categorize, and enrich your content accurately. Save hours of manual work while improving user experiences through engagement, discoverability, and searchability. Our adaptive machine-learning model unlocks hidden insights, prioritizing your content security and copyright with top-notch data privacy and protection.

Image Recognition: Driven by advanced algorithms, our image recognition technology takes image understanding beyond pixels, offering meaningful descriptions that enhance accessibility for all users. Enhance your image content by making it incredibly searchable and discoverable, setting new standards for user engagement and accessibility.

Assessment Author: Our AI-powered platform efficiently generates high-quality quantitative and non-quantitative questions, adhering to writing guidelines and educational goals. Its scalability is ideal for comprehensive exams, promoting seamless collaboration with our writers and streamlining the assessment creation process. Besides saving precious time and resources, it assures consistency at every step of item authoring.

Key Benefits

- Reduced costs
- Faster Turnaround Times
- Enhanced Content Quality
- Improved User Experience
- Advanced Searchability and Accessibility

About Us

Lumina Datamatics is a strategic partner to global publishers providing content, analytics, and technology solutions. Lumina Datamatics enables publishers and aggregators to be at the forefront of content workflows by managing the entire publishing process – from content creation to product delivery. Lumina Datamatics' expert solutions combine its various in-house and client-facing platforms, partnerships with global technology leaders, and more than 3,500 professionals across the UK, Germany, United States, Philippines, and India.
