

Achieving 99.3% Accuracy and Delivering 35,000 Revised Statutory Codes Annually for Leading American Publisher

CLIENT OVERVIEW

As a leading American legal publisher, the client is required to review and update its repository of legal documents. The client is bound by the state code to constantly revise core reference materials targeted at law firms specializing in jurisdictional disputes.

PROBLEM

Due to the frequent changes in legislations, the client must review and update its repository frequently and ensure that lawyers can easily access the amended case notes.

The main challenges were:

- Act Load Charting
- Note Creation and Placement
- Proof Review

SOLUTION

Lumina Datamatics deployed a team of legal content subject matter experts to process various source inputs provided by the client. The team:

- Delivered more than 3,500 legal code sections every month, ensuring the accuracy of legal documents.
- Brought expertise in legal analysis, editorial enhancements, writing amendment notes, creating case notes, and content enhancement.

RESULT

The collaboration resulted in:

- 35000 revised statutory code delivered annually
- 98.8% accuracy achieved in the state code process
- 99.3% accuracy for the replacement volume process
