

XEditPro
Publishing Suite

Publishing More Efficiently and Redefining Quality

XEditPro is a cloud-based publishing solution designed to streamline publishing workflow to greater levels while meeting consumers' ever-changing demands. It is a pioneering platform powered by intelligent automation to elevate and strengthen quality book and journal publishing and empower users through technology innovation.

XEditPro provides WYSIWYG structured authoring tools, a collaborative environment, reference management capabilities, publisher-based customized workflow, digital asset management, auto-generation capabilities, and more. It is the only productivity solution that combines the power of LaTeX and InDesign typography features with the ease of the WYSIWYG editing interface. XEditPro meets modern publishing requirements without adding complexity or reducing end-user performance.

Key Challenges Addressed

- **Economic and Business Model Evolution:** Stay ahead of financial and business model changes with XEditPro's cost optimization and quality preservation.
- **Technological Advancements:** Embrace cutting-edge technology to boost efficiency and keep up with rapid technological shifts.

Key Features

- **Multi-language Support:** Connect with a global audience through diverse languages.
- **Project Dashboard:** Stay informed with KPIs for projects, stages, and chapters, ensuring project success.
- **Flexible Workflows:** Tailor processes to your needs, adapting to unique publishing journeys.
- **Word-Like Editing:** Enjoy a familiar editing interface with various view modes for seamless editing.
- **Customizable Command Panel:** Take control of page layout for visually appealing content.
- **Enhanced Comment Control:** Insert images within comments and manage comments effortlessly.
- **Efficient Math Editing:** Dive into mathematics with a powerful WYSIWYG math editor.
- **Citation Auto Linking:** Navigate references effortlessly, enhancing content accuracy.
- **Effortless Comment Management:** Stay organized with a dedicated comment panel.
- **Transparency and Accountability:** Audit trail and role-based access ensure accountability.
- **Multiple Output Formats:** Simplify publishing with single-source input and multiple output formats.
- **Accessibility:** Applying tags to all content, assigning reading order, setting document metadata, PDF/UA export, and providing alt text.

Why XEditPro?

Our intelligent automation combines with human creativity, setting new content production standards. Adapt seamlessly to open-access policies, optimize costs, and advance technology. With customizable workflows, advanced editing, and inclusivity, XEditPro empowers efficient, quality publishing.
